---

The clean team supervisor just informed me that he couldn't find any defecation . He made contact with building security and both walked the property at spring and 7th St. Nothing was found even in front of the CVS. Tonight we will pressure wash the sidewalk.

**Subject:** Cleanup request

Hi Kent,

I couldn't find an easy contact to submit a service request for the FD BID, so I just found your contact. Perhaps you can forward it along to the appropriate contact.

There was some public defecation about 5 min ago (3:20pm) at the corner of 7th and spring, next to the CVS. This instance was particularly bad, and requires some cleanup and power washing of both ground walls/windows. It is in the small alcove/doorway next to CVS on Spring.

Hope this helps.

Phillip
